

Upscale Events

Stefanie Potter Music

Services: Special Music for Wedding Ceremonies, Receptions, Funerals, Fundraising Banquets. If interested, I am also able to take your sentiments and turn it into a special song for your event, honoring your beloved.

Experience: I have been a professional guitarist and singer for about 15 years. I've done weddings and other upscale events throughout this time.

My Sound: My style is acoustic folk, but I can add some soul depending on the song. My voice is described as smooth, warm, and emotive. I can also vary from more choral sounding to more modern sounding.

I can...

- Work independently
- Potentially bring along other musicians for 2-3 part harmony and/or other instruments
- Work with other provided musicians

Previous songs I've done for these events include:

- Dreams Come True - Pachabel's Canon in D
- Power of Your Love (Don Moen)
- Grow Old Along with Me (John Lennon)
- The Prayer (Celine Dion)
- How Beautiful (Twila Paris)
- One More Reason to Celebrate (Susan Salidor)
- I Cross My Heart (George Strait)
